HOW TO PLAY

1. Divide into at least 2 teams (recommended)

2. With each turn, one player throws the die. (Check die meaning)

3. The player who rolls the die draws a card.

4. Start the hourglass, look at your card and you have 30 seconds to describe the words/phrases without using any elements from the words/phrases to your team.

5. Each correct word that your team guesses is 1 point. Guess all the words? Get double points (12 points)
Set up how many rounds you would like to play. The team with the most points at the end of the game wins.
